Counselor's Corner

The Boulder City High School Counseling Department welcomes you. Mrs. Balistere is here to help students navigate the complexities of high school: first day freshman jitters, difficult emotional events, academic and career plans, personal dilemmas, college admissions, etc. If you deal with it in high school, we are here to lend a hand. BCHS Counseling department boasts an open door policy: if you need to see your counselor, stop by room 131 and check with Barb. If we are busy with other students, she will have you complete a counselor request form & we will get with you as soon as we can. Be sure to leave a phone number & the reason for your visit so we can be best prepared when we meet with you. Students will be seen in order of priority. Students may also text questions via the Remind App. See the BCHS website counseling page to learn your access code. Although our counselor is very efficient, she is in charge of the academic planning for the entire Boulder City Student Body.

Now that summer vacation is over, we are excited to start working with our students toward their personal goals. Once school gets going a large amount of our time will be spent with our seniors, verifying they have the credits for graduation and planning for their very near future as adults. Now is the time for seniors to make some important decisions about their post-secondary plans. Those applying to college need to determine college admission deadlines, ensure their standardized test scores are adequate and polish their resumes. Parents of seniors should begin receiving emails from Mrs. Balistere after the second week of school. If you don't receive an email, check in to verify it was provided to the counseling department at springtime registration.

Some important dates for upcoming events are:

Dean's Dialogue

Keys to Starting the New School Year and Your Days Correctly:

August is a blur of activity focused mainly on preparation for the coming school year. Back to school shopping, rounding up school supplies, picking out that perfect set of clothing to begin the year, and deciding what you are going to bring to school on that first day and beyond.

To ensure success as you start your new school year at Boulder City High School a quick review of some basic school rules will help the year start on the right foot and continue on the proper course.

Before you arrive at school, you have to get dressed to meet the school's dress code. Every day before you leave for school, look yourself over in the mirror. Ask yourself, "Am I going to get in trouble for wearing this?" If the answer is maybe, possibly or yes, then do the right thing and change. All shoes must have soles. All clothing must be sufficient to conceal any- and-all undergarments. Transparent clothing is prohibited. Shorts, skorts, skirts, and dresses/jumpers must be at fingertip length. All jeans, pants, and trousers must be secured at waist level. These items are not to have rips or tears that expose undergarments and/or are located mid-thigh or higher. Sagging is strictly prohibited. Headgear is not permitted to be worn on campus. Controversial or objectionable messages are not permitted on any clothing.

Clothing not specifically addressed by school rules and district policy can be prohibited due to its disruptive or distracting nature or safety concerns. The school administration encourages all students to dress for success and dignified appearance.

Next, you need to decide what school supplies you will need. The basics are pencil, paper, and some organizational system (binder, folders, etc.) Some students also decide to bring non-educational or non-instructional items to campus. Nuisance items are not allowed at school at any time.

In addition, BCHS is a tobacco-free zone. CCSD has banned e-cigarettes and vapor devices from all school campuses and property, and any school activities. Bikes, scooters, and skateboards are not allowed on school property and must be stored in the bike rack area on the west side of the school. Items, which distract or disrupt classrooms or present safety concerns, will be confiscated and held until a parent or guardian picks up the item.

Finally, you will need to arrive for school on time and consistently. Early bird band begins at 7 AM sharp. The next bell rings at 7:50 AM, signaling the end of early bird and passage to first period. At 7:55 a.m., the tardy bell signifies the start of the regular instructional day. On time, arrival shows the teacher that you take pride in meeting the established schedule and are serious about your education.

Regular daily attendance makes it easier to follow the instruction and make sense of your class and the teacher's lectures, assignments, and projects. 95 percent of the student population attends classes daily, but missing more than one day every two weeks predicts an outcome of a below ability performance and a below average or failing grade for classes. If you miss a class, turn in a note within 3 school days to excuse your absence, and more importantly, check with your teacher to see what you missed while absent. Then make up the work and turn it in to stay on track academically.

Each of these tips are second nature to some students, but reviewing and discussing each one's importance keeps the focus on successful completion of coursework, gaining knowledge and transcript credit. Together they can lead to the goal of high school graduation. I look forward to a great school year. Go EAGLES!!!

From the Desk of the Athletic Director

I hope everybody had a fun and relaxing summer and are excited about starting another busy year. All athletes, coaches, parents and staff have been working hard preparing for the upcoming season, and we are ready for another successful year for Eagle Athletics.
