

Boulder City High School
1:1 and Bring Your Own Device (B.Y.O.D.) Initiative
Student Responsibilities Agreement

Your student is enrolled in one or more classes which will be using a 1:1 model for instruction. This concept means that each student in the class will be using a tablet computer (such as an iPad) to access their book, use course related applications, and a variety of other activities. Your child has the option of bringing their own portable computing device (smartphone, tablet computer) or checking one out from the school. Use of a school device requires a one-time payment of \$31 to cover the cost of insuring the device. Bringing this payment with you (give payment to the Banker) on the first day of school will expedite the issuance of a device. There is also a \$25 deductible in the event of loss or theft. If you choose to participate in the B.Y.O.D program you may skip to the back of this page. If you are going to use a school device make sure that you and your student read and understand the conditions of its use below:

- I understand that the iPad2 checked out to me by Boulder City High School is to be used for the sole purpose of enhancing my ability to master the curriculum assigned to me by my teacher(s). I also understand that it must be forfeited upon request or upon withdrawal from school.
- I agree not to deface in any way the iPad2 checked out to me. This includes, but is not limited to marking, drawing, placing stickers or marring of any surface of the iPad2, its protective cover, or other accessories.
- I accept responsibility for the iPad2 in its entirety and will take proper care to shield it from harm including, but not limited to, water, heat, small children, fellow students and pets. I also understand that any damage that is found to have been caused by neglect on my part is my financial responsibility.
- I will disclose any problems with, damage to, or theft of the iPad 2 to my teacher, the Educational Computer Strategist (ECS) or an administrator immediately.
I understand that downloading music, games, apps, pictures and/or videos and installing them
- to the iPad2 is prohibited unless specifically directed by a BCHS teacher or staff member. The iPad2 should never be plugged into any computer except at BCHS and as directed by my teacher(s) or ECS. All content on the iPad2 is subject to inspection and regulation by BCHS staff.
- I am aware that the Clark County School District's Acceptable Use Policy (AUP) regarding obscene language or materials including, but not limited to, screensavers, backdrops, pictures, text messages, websites, and emails also apply to the iPad2 and its use.
I agree not to set or change any password on the iPad2 unless directed to do so by a teacher or
- other BCHS staff member.
I understand that the illegal use of copyrighted materials is prohibited and that no file transfer
- or sharing is allowed except as directed by a BCHS staff member.
I understand the iPad2 should come to school fully charged and ready to be used in the
- classroom every day.
I understand that failure to turn in the iPad2 prior to the last day of school or when directed to do so by BCHS staff will result in a fine of \$5 per day.
